### ***Persons with Disabilities***

Do you have a disability (or disabilities) and need support?

Application is through MDSPR (provincial).

Advocates support clients in their journey with the PWD Process.

The PWD consists of 3 primary sections:

Section 1 - Personal Experience with disabling condition

Section 2 - Medical Report

Section 3 - Assessors Report

We assist the client in completion of Sections 1 & 3 at the **Access Centre!**

Once approved, you can also receive health benefits!

**PWD looks at a client's daily living and their disabilities from all angles!**

### ***Canadian Pension Plan – Disability***

Are you unable to work?

Application is through Service Canada (federal).

Advocates support clients in their journey with the CPP-D Process.

The CPP-D consists of 2 primary sections:

The Canada Pension Plan Disability Benefits Application

The Canada Pension Plan Disability Benefits Medical Report

- We assist the client in completion of the Application

Unlike PWD, the 2 sections can be submitted separately and as soon as they are completed.

**CPP-D only considers one's inability to work and has no additional benefits.**
